

Information for Campers

The following information is very important, to help you plan effectively for this weekend.

1. Bring sleeping bags or blankets (each cabin has bunks), pillows, toiletries, bug spray, sunscreen, medications, flashlights and anything else you may need. We have two cribs and high chairs for little ones, so remember the bedding. Please bring protection for the mattresses if incontinence is a concern.
2. Read and sign the Camp Release form. A copy will need to be turned in upon your arrival.
3. Pets are **not** allowed at camp.
4. Camp has two restrooms, with hot and cold running water and showers. The lower restroom has a tub and changing table to assist those who use wheelchairs. All the cabins have electricity and a wood burning stove.
5. Please let your group leader know if you have to cancel your plans. There is often a long waiting list of families who would love an opportunity to be at camp and we may be able to accommodate them if we have advance notice.
6. Prime Time has arranged volunteers to do the cooking and facilitate some of the activities so that you can have time to enjoy the beautiful surroundings. Please know they are there to assist you and to make certain camp is run safely. ***However, you must always supervise your own family members.***
7. Smoking is allowed only in designated areas.

Our goal is for everyone to have a fun-filled weekend
